EDUCATION

Carnegie Mellon University - Pittsburgh, PA May 2026
Master of Science Artificial Intelligence Engineering
U.S. Army AI Fellow

Georgetown University - Washington, DC May 2020
Master of Arts Economics and International Business

Louisiana Tech University - Ruston, LA Nov 2017
Bachelor of Science Mechanical Engineering, Bachelor of Arts Political Science

SKILLS

AI Engineering: PyTorch | HuggingFace | Azure Foundry | Terraform | Docker | AWS/Azure | Modal Labs |
AI/LLMOps: Langfuse | WandB | VLM/LLM Benchmarking

PROFESSIONAL EXPERIENCE

FON Advisors LLC, Private Equity | Arlington, VA March 2025 – December 2025
AI Technical Consultant

- Engineered a production GenAI compliance engine that uses cutting edge tooling to generate industry-standard compliance matrices (400-800+ requirements) and fully cited draft proposals in 20 minutes, replacing a multi-month manual process for Gate 0/1 reviews.
- Enabled Private Equity team to audit a \$300M acquisition bid by leveraging compliance engine outputs to identify critical gaps and increase bid compliance from 60% to 99% prior to submission.
- Translated executive and deal-team requirements into technical diligence and vendor selection for a firm-wide data platform, avoiding 6+ months of internal development while scaling access 10× at neutral cost and enabling new government-data insights for M&A targeting.

U. S. Army AI Integration Center (AI2C) | Pittsburgh, PA July 2023 – August 2024
AI Integration Officer

- Led 4-person software team to develop, test, and deploy on-premises LLM with RAG on a secure, closed network using native K8s with GitLab CI/CD. Now deployed on IL6 and in use on SIPR.
- Deployed environment- and hardware-agnostic solution to AWS Snowball Edge device at a cost of \$27 / 1M tokens accessible on a closed network and portable for forward-deployed units.

United States Army 101st Airborne Division | Clarksville, TN January 2021 – July 2023

- Led 7-person team tracking and reporting of \$40+ Billion in materiel aid shipments from U.S and 17+ security partners in 9-month deployment in support of Ukraine
- Managed logistical operations of multiple \$10 million Squadron deployments of 400+ Soldiers and 10+ major weapon systems including JRTC and deployment to Europe
- Published article on future of this mission and supply chain considerations in JADC2 ecosystem in USASOC Special Warfare magazine (Spring 24, Vol 37, Issue 1, pp. 31-36).
